

IMPACT
Changing Lives. For Good.

Need help for substance use? IMPACT's Access Point can chart the right path

IMPACT conducts free, comprehensive assessments to determine an appropriate level of care, and connects clients to a treatment program and recovery support services.

Available in person or over the phone, our Access Point team offers a pleasant and professional experience where clients feel supported, motivated and engaged.

Who is eligible for an Access Point assessment?

Milwaukee County residents age 18 years or older. Insured and uninsured individuals are encouraged to inquire about options.

What should I expect from an Access Point assessment?

- The comprehensive assessment covers a range of considerations including mental health and trauma.
- Determinations are based solely on the needs of the individual.
- Clients may be connected to recovery support services to enhance their experience and improve their success.

To schedule an assessment, email APmobile@IMPACTinc.org
